

UK NEQAS Microbiology EQA Schemes

UK NEQAS for Microbiology, PO Box 63003, NW9 1GH

Tel: +44 (0)20 8905 9890

email: organiser@ukneqasmicro.org.uk

web: www.ukneqasmicro.org.uk

2024-2025

Bacteriology

- AAFB microscopy
- Antimicrobial susceptibility
- Carbapenemase-producing organisms*
- *Clostridioides difficile* (formerly *Clostridium difficile*)
- Community medicine (*Overseas only*)
- Faecal pathogens (*Overseas only*)
- General bacteriology
- General bacteriology & Antimicrobial susceptibility
- Genital pathogens
- Lyme serology (*UK only*)**
- MRSA screening
- Mycobacteria culture
- Syphilis serology
- Urinary antigens

Molecular

- CMV DNA quantification
- EBV DNA quantification
- Hepatitis B DNA quantification
- Hepatitis C RNA detection
- HIV1 RNA quantification
- Molecular detection of *C. trachomatis* & *N. gonorrhoeae*
- Molecular detection of HPV
- Molecular detection of mycobacteria
- Molecular detection of respiratory viruses
- Molecular detection of Viruses in CSF
- Molecular detection of SARS-CoV-2
- SARS-CoV-2 sequencing*

Mycology

- Antifungal susceptibility
- Cryptococcal antigen detection
- Fungal biomarkers
- Mycology culture

Virology

- Anti-HBs detection
- Blood Borne viruses
- Blood Donor screen
- Diagnostic serology hepatitis
- Hepatitis B serology
- Hepatitis C serology
- Hepatitis E detection
- HIV Point of Care
- HIV serology
- Immunity screen
- Measles & mumps IgG serology
- Parvovirus B19 and Rubella serology
- Rubella IgG serology
- Respiratory viruses Point of Care*
- Viral gastroenteritis

* This scheme is currently not accredited to ISO 17043, but follows the same principle as accredited schemes

** Provided by CSCQ, Switzerland

The schemes above are bacteriology, mycology and virology molecular schemes (for parasitology EQA and teaching schemes- please visit ukneqasmicro.org.uk/parasitology/)

More information on all UK NEQAS for Microbiology EQA schemes can be found at <https://ukneqasmicro.org.uk/schemes/>

For further information, please email UK NEQAS for Microbiology: organiser@ukneqasmicro.org.uk

United Kingdom National External Quality Assessment Service (UK NEQAS) is a company limited by guarantee (No 3012351) and a registered UK charity (No 1044013). UK NEQAS for Microbiology is a member of the UK NEQAS charitable organisation.
